# Squillante Masonry Business Package ( pg 2 of 3 )

Are you remodeling or building a new home or business and have dreams of using stone or brick in your design? Let Squillante Masonry make your vision a reality with the work of uncompromising artisans and a design team that knows how to listen. The timeless look of stone or brick will add an architectural statement of beauty and value. Transform a small forgotten fireplace into the focal point of your home. Enhance the beauty of your property by adding a professionally crafted stone wall, walkway, patio, pool surround or an outdoor fireplace. Also, if you are looking to repair an existing piece of your property, Squillante Masonry will help to restore its original charm.

We have over ten years experience in professional craftsmanship throughout Southeastern Massachusetts, as well as a construction management and architectural background from Wentworth Institute of Technology. We provide services to both residential and commercial clients.

We are known for our expertise in building and design using materials such as concrete, stone, and brick. Whether we are creating a unique structure or repairing an existing structure, Squillante Masonry treats each job as a work of art by carefully planning each detail of the design.
